AT Paris, Judge Morton has decided against the subscription of \$400,000 by Bonrbon Connty to the Kentneky Union Railroad. The proposition when submitted to the people did not receive a majority of the votes of the county outside of Paris, which an act of 1876 required of Faris, which an act of 1879 required in order to make the subscription legal. The friends of the road claim that this act is unconstitutional, but Judge Morton decides to the contrary. The case has been appealed.

That wasn't after the August election." Inat wasn't anything to getmadat, Don't kick, Frank, Let your angry passions simmer down. A few years hence, and the incidents of the late campaign will all be forgotten.

The election on Montay was a surprise to a good many Republicans who stayed at home, or who, regarding the context as hope home, or who, regarding the context as hope home, or who, regarding the culture and the state of the election, Monday, was a surprise—to one or two of the Republican candidates. One or two of the Republican candidates, who was the region to "down" their Democratic opponents, and their surprise and disappointment must have been great, indeed, on learning how badly they had been defeated. But "we beg leave to differ" when you say a "good many Republicans roted for the Democrats." The returns don't say so. On the contrary they show conclusively that the Republicans are so bigoted in their opinions that they refused to vote even for those Democratic moninees who had no opposition. J. Q. Ward polled 2,168 votes for Judge of the Superior Contr. He had no opposition. Dan Perrine, with an active opponent, polled 2,211 votes for Sheriff—43 more than Ward. Republicans vote for Democrats? Not very often do they do it, neighbor. Of course there are exceptions, but they are "few and far between." We hope the Democrats of Mason County will learn a lesson from the late election, and that is to stick to principles hereafter, and vote straight.
